Copies of the Prime Contract are available for inspection by the Subcontractor at the Contractor's office.

2. SUBCONTRACT PRICE

Subcontractor shall be paid by Contractor, for the satisfactory performance and completion of Subcontractor's work described herein and all of the duties, obligations and responsibilities of the Subcontract under the Subcontract Documents, at the rate of the unit prices set forth in Paragraph 1 of this Subcontract (the "Subcontract Price") and subject to any additions and deductions as provided herein. It is specifically acknowledged and agreed by Subcontractor that the quantities of items set forth in Paragraph 1 are estimated quantities only and that the earnings of Subcontractor under this Subcontract shall be determined by the quantities of work that are actually allowed and paid to Contractor by Owner.

The Subcontract Price includes all federal, state, county, municipal and other taxes and assessments imposed by law and based upon labor, services, materials, equipment or other items acquired, performed, furnished or used for or in connection with the Subcontractor's work, including, but not limited to, sales, use and personal property taxes payable by or levied against the Owner, Contractor or the Subcontractor. Where the law requires any such taxes or

assessments to be stated and charged separately, the total price of all items included in Subcontractor's work, plus the amount of such taxes shall not exceed the Subcontract Price.

3. SUBCONTRACT DOCUMENTS

The Subcontract Documents consist of (1) this Subcontract, (2) the Prime Contract, consisting of the agreement between the Owner and Contractor and the other Contract Documents enumerated therein including, but not limited to, the Conditions (General, Special, Supplementary and other Conditions), Drawings, Plans, Specifications, Addenda and Modifications, whether issued before or after the execution of this Subcontract, and other Contract Documents, if any, listed in the Prime Contract, (3) any other documents specifically incorporated into this Subcontract by reference herein, and (4) modifications to this Subcontract issued after execution, all of which are hereby referred to and made a part of this Subcontract as though fully set out in this Subcontract (collectively referred to as the "Subcontract Documents").

This Subcontract shall be performed in strict accordance with the Subcontract Documents and to the satisfaction of Contractor and Owner. The Subcontractor represents and agrees that it has carefully examined and understands the Subcontract Documents, copies of which have been and remain available for inspection and copying by Subcontractor, that it has investigated the nature, locality and site of the Project and the conditions and difficulties under which it is to be performed, and that it enters into this Subcontract on the basis of its own examination, investigation and evaluation of all such matters and not in reliance upon any opinions or representations of Contractor, Owner, or any of their respective officers, agents or employees.

4. PAYMENT

(a) Progress Payments & Retainage Subcontractor shall be paid by Contractor at the

rate of the unit prices listed in Paragraph 1 for all work performed and materials and supplies furnished, payment to Subcontractor being expressly conditioned upon Contractor's prior receipt of payment from Owner. It is specifically acknowledged and agreed by Subcontractor that no payment by Contractor to Subcontractor shall be construed as acceptance of any portion of Subcontractor's work, a waiver of any defect or deficiency in Subcontractor's performance, or relieve Subcontractor of any of its obligations arising out of this Subcontract. Should Contractor at any time determine that payment has been made to Subcontractor, or on Subcontractor's behalf, in excess of the amount then due for work under this Subcontract, then Subcontractor shall promptly repay such excess to Contractor within three (3) days of demand for repayment.

(b) Final Payment Final Payment shall be made by Contractor to Subcontractor after completion and acceptance of the Subcontractor's work by Contractor and the Owner provided that (1) Contractor shall have first received final payment from the Owner, (2) Subcontractor shall have furnished, if requested, evidence satisfactory to Contractor that there are no claims, obligations or liens outstanding or unsatisfied for labor, services, materials, equipment, taxes or other items performed, furnished or incurred for or in connection with the Subcontractor's work, and (3) Subcontractor shall have executed and delivered to Contractor, in a form satisfactory to Contractor, a Release of Lien and an Affidavit of Payment running to and in favor of Contractor and the Owner.

(c) Payments Withheld Subcontractor shall meet all of its obligations and liabilities pertaining to this Subcontract on a timely basis and shall furnish, at any time requested, evidence satisfactory to Contractor that there are no claims outstanding or unsatisfied for labor, services, materials, equipment, taxes or other items performed, furnished or incurred for or in connection with Subcontractor's work. In the event that Subcontractor does not comply with the above,

Contractor may retain from monies owing to Subcontractor sufficient sums to indemnify Contractor and Owner against any claims or obligations related to this Subcontract. Contractor may disburse monies owing to the Subcontractor as Contractor may determine necessary, including by joint check arrangements or payments directly to persons or entities claiming by or through Subcontractor, to satisfy the above claims against or obligations of Subcontractor. Should Contractor advance money to Subcontractor or pay on its behalf any bills, accounts, labor or other items, such advances, disbursements and payments may be deducted from amounts due or to become due to Subcontractor or the retained percentage, at the option of Contractor. Should such advances and payments be in excess of the total amount finally due Subcontractor, then Subcontractor shall promptly repay such excess to Contractor on demand.

5. COMMENCEMENT DATE & COMPLETION

Time is of the essence in the Prime Contract and it is expressly acknowledged by the Subcontractor that time is of the essence in its performance of this Subcontract. Subcontractor shall prosecute the Subcontract work with all possible diligence and all possible speed in order to insure completion of the work at the earliest possible date and shall fully cooperate with Contractor in scheduling and performing the Subcontract work to avoid conflict, delay in or interference with the work of the Contractor or others on the Project. Subcontractor shall begin its work within five (5) days of receiving the notice to proceed from Contractor. In the event that Subcontractor does not perform its work promptly and the completion of the Project is delayed, Subcontractor shall assume and pay any damages including, but not limited to, any liquidated damages provided by the Prime Contract, that may be incurred by or assessed against the Contractor. No extension of time will be valid without the Contractor's prior written consent after receiving a written claim for adjustment from the Subcontractor.

Contractor shall not be liable to Subcontractor for any costs or damages due to delays, escalation, accelerations, nonperformance, interferences with performance, suspensions, or changes in the performance or sequence of the Subcontractor's work. Should this Subcontract, in whole or in part, be interfered with or delayed, or be suspended in commencement, prosecution or completion, for reasons beyond the Subcontractor's control, without its fault or negligence, Subcontractor shall be entitled to, and shall be fully compensated by, an extension of time in which to complete its work. However, such extension shall be given only if Subcontractor first notifies Contractor in writing of the cause of delay within two (2) days of the occurrence of the event and on the further condition that Contractor shall have received a similar extension of time from the Owner.

6. INTERRUPTION OF WORK

Subcontractor shall not employ any personnel or means of construction which may cause strikes, work stoppages, work interruption or hindrance, or any other disturbances, of any nature whatsoever by Contractor's employees or the employees of any other contractor or subcontractor on the Project with respect to any work related to this Subcontract Agreement or the Project.

7. SUBCONTRACTOR DEFAULT

Should the Subcontractor fail, in the opinion of Contractor, to prosecute the work with sufficient force and speed, or default or neglect to carry out the work in accordance with this Subcontract, or cause by any act or omission the stoppage or delay of or interference with or damage to the work of Contractor or of any other contractors or subcontractors on the Project, including but not limited to any violation of the provisions of Paragraph 6 above, or fail in the performance of any of the terms and provisions of this Subcontract or the Subcontract Documents, or should the Owner or Contractor determine that Subcontractor's work or any

portion thereof is not being performed in accordance with the Subcontract Documents, or should there be filed by or against Subcontractor a Petition in Bankruptcy, or should the Subcontractor become insolvent or be adjudicated bankrupt, or go into liquidation or dissolution either voluntarily or involuntarily, or make a general assignment for the benefit of creditors, or otherwise acknowledge insolvency, then in any of such event, each of which shall constitute a default by Subcontractor, and Subcontractor fails to immediately take measures to commence and continue correction of such default or neglect with diligence and promptness, the Contractor may, at its option and in addition to any other rights and remedies provided by this Subcontract or by law, elect to proceed in any one or more of the following manners:

(1) Contractor may employ and use on said work, or any portion thereof, such number of workers, laborers, supervisors, teams, tools, machinery, equipment and/or other subcontractors, at such wages, prices and rates as Contractor may deem necessary and expedient to insure the prompt completion of the work and Project, and it shall charge all of same to Subcontractor;

(2) Contractor may relet the work, either in whole or in part, to such other persons or entities as it may desire, at such prices as it may deem proper, and shall charge the costs thereof to Subcontractor;

(3) Contractor may declare the rights of Subcontractor under this Subcontract to be terminated and, in such event, Subcontractor shall only be paid for the actual work done by it to the date of termination, less the amount of any damages, claims, obligations or liabilities incurred by Contractor or Owner by virtue of Subcontractor's actions; or

(4) Contractor may terminate the employment of Subcontractor for all or any portion of the Subcontractor's work, enter upon the premises and take possession of, for the purpose of completing the Subcontractor's work, all materials, equipment, tools, appliances and other items thereon, all of which the Subcontractor hereby transfers, assigns and sets over to Contractor for such purpose, and to employ any person or persons to complete the Subcontractor's work and provide all of the labor, services, materials, equipment and other items required therefore. In any such event, Subcontractor shall remain bound, and all other terms of this Subcontract shall remain in force, to the extent of the work or areas which have not been so terminated. In case of such termination of Subcontractor, it shall not be entitled to receive any further payment under this Subcontract until the Subcontractor's work shall be fully completed to the

satisfaction of Contractor and the Owner and shall have been accepted by them, at which time, if the unpaid balance of the amount to be paid under this Subcontract shall exceed the costs and expenses incurred by Contractor in completing the Subcontractor's work, such excess shall be paid to Subcontractor; but in the event that such costs, and expenses, shall exceed the unpaid balance of the Subcontract Price, then Subcontractor shall pay the difference to Contractor upon demand.

For purposes of this paragraph, the costs and expenses recoverable by Contractor from Subcontractor for Subcontractor default shall include, in addition to the costs of completing the Subcontractor's work to the satisfaction of Contractor and the Owner and of performing and furnishing of all labor, services, materials, equipment and other items required therefore, but also all losses, damages, claims, obligations, liabilities, costs and expenses, including attorneys' fees, incurred or suffered by Contractor by reason of or resulting from the Subcontractor's default.

8. CHANGES

Subcontractor may, at any time during the progress of Subcontractor's work, be ordered in writing by Contractor, without invalidating this Subcontract, to make changes in the work of this Subcontract consisting of additions, deletions, deviations, or other revisions, including those required by modifications to the Prime Contract issued subsequent to the execution of this Subcontract, the Subcontract Price and the time for completion being adjusted accordingly. Subcontractor shall, prior to the commencement of such changed or revised work, submit promptly to Contractor written copies of a claim for adjustment to the Subcontract Price and completion time for such revised work in a manner and time consistent with the requirements of the Subcontract Documents. No change orders or modifications of this Subcontract, whether for extras or otherwise, shall be valid unless authorized by the Contractor in writing after receipt of Subcontractor's claim for adjustment. Failure of the Subcontractor to make such a timely claim for adjustment shall bind the Subcontractor to the same consequences as those to which the Contractor is bound to the Owner.

In the event that Contractor and Subcontractor should not be able to agree as to the amount to be allowed as an adjustment to the Subcontract Price and time for completion for any changes made pursuant to this paragraph, it shall, nevertheless, be the duty of Subcontractor to proceed immediately with such change(s) upon written notice from Contractor. In any such event the determination of the appropriate adjustment to the Subcontract Price and time for completion for such revised work shall be resolved thereafter by mutual agreement or in accordance with Paragraph 13 below pertaining to dispute resolution.

9. INDEMNIFICATION

The Subcontractor shall indemnify and hold the Contractor, Owner and their agents, consultants and employees harmless from and against all claims, losses, costs, damages and attorneys' fees pertaining to the performance of this Subcontract and involving personal injury, sickness, disease, death or property damage, including loss of property, but only to the extent caused in whole or in part by the negligent acts or omissions of the Subcontractor or any of the Subcontractors' subcontractors, suppliers, manufacturers, or other persons or entities for whose acts the Subcontractor may be liable. This indemnification agreement is binding on the Subcontractor, to the fullest extent permitted by law, regardless of whether any or all of the persons or entities indemnified hereunder are responsible in part for the claims, damages, losses or expenses for which the Subcontractor is obligated to provide indemnification. This indemnification provision does not negate, abridge or reduce any other rights or obligations of the persons and entities described herein with respect to indemnity.

10. INSURANCE

Prior to the start of Subcontractor's Work, the Subcontractor shall procure and maintain in force worker's compensation insurance, employer's liability insurance, comprehensive general

liability insurance, automobile liability insurance and all insurance required of the Contractor under the Contract Documents. Subcontractor shall maintain at least the following limits of insurance coverage:

Worker's Compensation	Statutory Requirements
Employer's Liability	\$1,000,000
General Liability Including Contractual Coverage	\$1,000,000
Vehicle Bodily Injury	\$1,000,000
Vehicle Property Damage	\$1,000,000

Subcontractor shall provide Contractor with a certificate of insurance certifying that the required insurance policies will not be cancelled during the Subcontractor's performance of this Subcontract. In addition, the Subcontractor shall procure and maintain insurance coverage upon such form of occurrence policy and with such coverages, endorsements and policy limits as shall be acceptable to Contractor, providing coverage for all exposures to liability for pollutants, hazardous materials, and environmental hazards.

The Contractor and Owner shall be named as additional insureds on each of these policies except for worker's compensation. The Subcontractor shall maintain in effect all insurance coverage required under this Subcontract at the Subcontractor's sole expense and with insurance companies acceptable to the Contractor.

11. PERFORMANCE & PAYMENT BONDS

Subcontractor shall provide Contractor with a payment and performance bond during the life on this Subcontract in an amount equal to 100% of the Subcontract Price and conditioned upon and covering the faithful performance of, and compliance with, all the terms, provisions, and conditions of this Subcontract. In lieu of Subcontractor providing such bonds, Contractor may, in its discretion, deduct from the Subcontractor's payment monies sufficient to cover the Subcontractor's pro rata share of the Contractor's bonding costs.

12. WARRANTY

Subcontractor warrants to the Contractor and Owner that all materials and equipment furnished under this Subcontract will be of good quality and new unless otherwise required or permitted by the Subcontract Documents, that the work under this Subcontract will be free from defects not inherent in the quality required or permitted, and that Subcontractor's warranty and work will conform in all respects with the requirements of the Prime Contract and the Subcontract Documents. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. This warranty shall be in addition to, and not in limitation of, any other warranty or remedy provided by law or by the Subcontract Documents.

13. DISPUTE RESOLUTION

Any claim, controversy or dispute between the Contractor and Subcontractor arising out of or related to this Subcontract, or a breach hereof, and which claim, controversy or dispute is not resolved by mutual agreement between the parties, shall, unless otherwise required by the Prime Contract or applicable law, be submitted to a judicial court of competent jurisdiction located in Montgomery County, Kentucky. The Subcontractor further covenants and agrees that no dispute shall interfere with the progress of Subcontractor's work and the Subcontractor agrees to proceed with the Subcontract work as required in spite of any claim, controversy or dispute it may have with Contractor, the Owner or other parties.

14. LAWS, PERMITS, FEES & NOTICES

The Subcontractor shall give all notices required by and comply with all laws, ordinances, rules, regulations and orders of any public authorities applicable to the performance

of the Subcontract work. The Subcontractor shall secure and pay for all permits, fees, licenses and inspections necessary for proper execution and completion of the Subcontractor's work as required by the Subcontract Documents.

The Subcontractor shall abide by all laws, ordinances, rules, regulations and orders of any state and federal authorities applicable to the Environmental Protection Act and/or water and air pollution requirements. Subcontractor further covenants and agrees to pay its own payrolls, taxes and all other costs and expense associated with the work required under this Subcontract, to furnish Contractor with copies of all weekly payrolls and other documentation showing compliance with applicable laws and regulations, if required, to furnish Contractor with copies of Material Safety Data Sheets for all materials used on the Project and a copy of Subcontractor's written hazard communication program, and acknowledges and agrees that any payment received by Subcontractor shall be held in trust for the purpose of paying its subcontractors, laborers, material men, suppliers and any others claiming by or through Subcontractor and who may be entitled to assert a lien or other claim against the Project.

15. REMOVAL OF EQUIPMENT

Subcontractor shall not, without the prior consent of Contractor, remove or permit to be removed from the Project, any equipment, machinery, tools, materials, supplies or other items that have been purchased for or placed on the Project for use in connection with the Project until the Subcontract work has been completed.

16. RENTAL EQUIPMENT

writing.

17. CLEANUP

Subcontractor shall keep the Project site and surrounding area free from accumulation of waste materials or rubbish caused by operations performed under this Subcontract and shall, upon completion of its work, leave the Project site in a clean and orderly condition.

18. TRAFFIC CONTROL & SAFETY DEVICES

Subcontractor shall not remove or alter any traffic control devices, safety equipment, safety guards or safety appliances unless Subcontractor has secured the express consent of Contractor or Contractor's authorized representative. Subcontractor shall replace such devices, guards and appliances promptly and failure to make such replacement will authorize Contractor to do such work and charge the costs thereof to Subcontractor. Subcontractor assumes all responsibility for removal or alteration of any traffic control devices, safety equipment, safety guards or safety appliances.

19. EQUAL EMPLOYMENT OPPORTUNITY & AFFIRMATIVE ACTION

Subcontractor shall not discriminate against any employee or applicant for employment because of race, creed, color, sex, age, religion, national origin, physical or mental handicap, or because he or she is a disabled veteran or veteran of the Vietnam era. Subcontractor agrees to take affirmative action to insure that qualified applicants are employed, and that employees are treated during employment, without regard to race, creed, color, sex, age, religion, national origin, physical or mental handicap, or status as a disabled veteran or veteran of the Vietnam era.

To the extent applicable, Subcontractor shall comply with all provisions of Executive Order No. 11246, dated September 24, 1976; the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Rehabilitation Act of 1973, and all amendments thereto, and all rules,

20. ASSIGNMENT

Subcontractor shall not sublet or assign any portion of this Subcontract, nor any monies due or to become due, or Subcontractor's earnings and compensation hereunder, without the prior written consent of Contractor. Any such assignment or subletting without prior written consent of Contractor shall be void and of no effect.

21. NOTICE

All notices, demands and other communications provided for in this Subcontract shall, unless otherwise provided, be sufficient if in writing and if delivered personally to the other party, or mailed by United States Mail, postage prepaid, to the respective addresses of Contractor and Subcontractor as set forth herein, or such other address as either may have designated from time to time. Contractor may exercise any right given to it immediately after mailing the letter containing such notice. However, this right does not preclude a Contractor from giving notice in any other legal matter.

22. GOVERNING LAW
